

CSR initiatives (2/3)

Activities to contribute to society (1)

It places priority on supporting international exchange to promote the sustained development of local society and the regional economy.

■ CSR workshops

Fukuoka Realty has held six workshops (April 2011 – March 2012) for CSR personnel of companies based in Fukuoka or elsewhere in Kyushu. Fukuoka Realty has invited CSR experts to give presentations at the workshops.

The workshops have provided an opportunity for local CSR professionals to learn from case studies of pioneering companies and helped to these professionals build a network transcending their own organizations. Fukuoka Realty plans to continue to hold CSR workshops.

Date	Topic
April 20, 2011	From corporate citizen to CSR
June 17, 2011	Case studies of companies' societal contributions
August 24, 2011	CSR and sustainability
November 7, 2011	New directions in corporate ethics
December 9, 2011	In pursuit of strategic CSR
March 6, 2012	Presentations on participating companies' CSR activities, discussion of workshops' future evolution
